

quality assurance

policy statement

SCEE is an electrical, instrumentation, communication and maintenance service provider recognised for our industry leading capabilities.

Our principal aim is to supply and deliver a high quality of service which meets or exceeds client expectations. This achievement will result in securing efficiency, a strong customer focus and enhancement of long-term sustainability and profitability within the Organisation.

SCEE's Quality Management System has been developed to meet the custom nature of our business and in accordance with the requirements of AS/NZS ISO 9001. The Organisation is fully committed to fulfilling these and other pertinent agreed requirements whilst continually striving to improve performance through understanding our customers' needs.

Our Organisation promotes continual improvement and provides a risk based approach to thinking, managing opportunities and mitigation of risks. This in turn improves the overall efficiency of the organisation and supports with the achievement of the established quality objectives and customer satisfaction.

In achieving this overall Policy and ensuring the integrity, effectiveness, compatibility and alignment with the context and strategic direction of the organisation, SCEE's Senior Management are committed to reviewing our Quality Management System at regular intervals.

Graeme Dunn
Managing Director /CEO
